

HOME OF RECORD MEDICAL SEPARATION NOTIFICATION

Dear Jeremiah S Johnson,

Your current medical condition has not resolved. This condition limits your ability to perform your Volunteer assignment and has the very real potential for further aggravation during the remainder of your Peace Corps service.

After serious consideration and consultation with the Office of Medical Services, Peace Corps/ Washington (OMS), we do not feel that you can safely continue to serve as a PCV in Ukraine. Consequently, you are being medically separated to your Home of Record because:

The resolution of your condition(s) will take longer than the maximum-allowable 45 days.

We are unable to provide adequate follow-up for your condition overseas.

Your medical condition has a high risk of being aggravated by or recurring during Peace Corps service, which would jeopardize your health.

You would be medically unable to perform your Volunteer assignment.

If your medical condition resolves within one year, you may be eligible for reinstatement. To apply for reinstatement, you should call the Country Desk Unit in Washington (#800-424-8580). The Desk Officer will contact OMS and request medical clearance for you. Prior to determining whether medical clearance can be granted for reinstatement, OMS will need to review information from your physician.

You have the right to appeal the decision for medical separation. Appeals can only be submitted AFTER you are medically separated and should be sent, in writing, to the Director of Medical Services. Any appeal must be supported by medical documentation from a provider.

Thank you for your commitment to Peace Corps service.

_____ (PCMO) Date: _____

Reason for Medical Separation:	<u>HIV - lab work positive</u>
Date of Medical Separation:	<u>13 FEB 08</u>

To Whom It May Concern:

I am signing the attached "Home of Record Medical Separation Notification" solely to acknowledge receipt of that notice. My signature does not imply that I agree that my separation is lawful or appropriate, or has any sound medical basis. I do not agree with the reasons stated for my separation in the "Home of Record Medical Separation Notification."

I am proud to have been able to serve as a Peace Corps Volunteer and am sorry that I am not being permitted to complete my term of service.

Very truly yours,

A handwritten signature in black ink, appearing to read 'J. S. Johnson', written in a cursive style.
